

## Kuehne Company's Day of Service 2019

On June 28, 2019, we continued our 100-year celebration activities by having a day of service at our South Kearny facility. Our Delaware facility has an event planned with their personnel as well. During one of our committee meetings, Luis Mancebo suggested giving back to our troops by preparing care packages to send to our deployed troops. Throughout June, a collection of items donated by generous employees were combined with additional items purchased by Kuehne to assemble these care packages. During the day of service, we had various employees from all of our departments lend a helping hand. Items were sorted out and separated, and before we knew it, we had an assembly line running smoothly. In just a few hours, one hundred care packages were prepped and readied to ship to our troops! A big thank you to all of our volunteers who, from start to finish, worked together. Without each of you, this would not have been possible.
