

**New Hope - Solebury High School**  
182 West Bridge Street, New Hope, Pennsylvania 18938

July 22, 2022

Dear Kuehne Chemical Company Representative and Azade ZareTabibi,

I am writing on behalf of the New Hope Solebury High School Chemistry department to thank you for your recent generous donations of chemistry lab equipment and tools. These items will be used in our classrooms to create a better and more authentic learning environment for our chemistry students. Hopefully they will continue to be interested in chemistry and pursue advanced degrees in the field, and who knows, you may even hire one of them someday for your company.

Thank you again for helping to enrich the chemistry education at our school!

Sincerely,

Leo Macdonald M.Ed. (Mr. Mac)  
AP® Chemistry and Chemistry Teacher
